	1000	1000 mm
	2000	2000 mm
	3000	3000 mm

Guidelines

Two bloc elements of the same material should not be placed next to each other. There can be no guarantee that the drawing or pattern of the material will continue to run smoothly in the next element, since they are all natural materials with their own unique drawing. It is therefore **recommended to always alternate between the materials**.

A bloc.stripe or a bloc.spot should be placed between two elements without light (full material). **It is recommended not to place two elements with light next to each other.**

A bloc.spot or bloc.stripe should never be used at the end of the track, unless the end of the track fits against a wall.
